# Coursework Report – 5COSC019C Object Oriented Programming

Student Name: **SEEKU PATABANDIGE KESHAN OSHITHA SILVA** Student ID: **w1956373** 

(IIT No - 20221376)

Have you submitted the video with the demonstration of your system?	∑ Yes	☐ No
If the video has been submitted specify where:  Blackboard  On the cloud (file shared from Google drive, or OneDrive or DropBox, etc), or	r YouTube.

## Phase 1 – Design and class implementation

Task	Did you attempt the task?	Student's comments (To which extent you implemented the task? Have you encountered any problems or issue?)
Design a UML Use Case Diagram of your system (submitted in a separate file).	⊠ Yes ☐ No	No issues. Design is done.
Design a UML Class Diagram of your system (submitted in a separate file).	Yes No	No issues. Design is done.
Implementation Class Product	Yes No	No issues. Implementation is done.
Implementation Class Electronics	⊠ Yes ☐ No	No issues. Implementation is done.
Implementation Class Clothing	Yes No	No issues. Implementation is done.
Implementation Class User	Yes No	No issues. Implementation is done.
Implementation Class Shopping Cart	⊠ Yes □ No	No issues. Implementation is done.
Implementation Interface WestminsterShoppingManager	Xes No	No issues. Implementation is done.

### Phase 2 – Console menu implementation

Task	Did you	Student's comments (To which extent you
	attempt the	implemented the task? Have you encountered any
	task?	problems or issue?)
Add a product in the system with all the	⊠ Yes □ No	No issues. Implementation is done.
relative information (max 50 products)		
Delete a product from the system by	Yes No	No issues. Implementation is done.
selecting the product ID. Display a		TWO 1354CS. Implementation is done.
message to confirm it has been removed		
and the total number of products in the		
system.		
Print on the screen the list of the	Xes No	No issues. Implementation is done.
products in the system with all the		
relative information. The list should be		
ordered alphabetically.		
Save in a file entered by the user so far.	Xes No	No issues. Implementation is done.
The user should be able to load back the		
information running a new instance of		
the application.		

### Phase 3 – GUI Implementation

Task	Did you	Student's comments (To which extent you
	attempt the	implemented the task? Have you encountered any
	task?	problems or issue?)
The user can select the category through the drop down menu	Xes No	No issues. Implementation is done.
The GUI is open and a list of products with the information as per specification has been displayed	∑ Yes ☐ No	No issues. Implementation is done.
Items with low availability are highlighted in red	Yes No	No issues. Implementation is done.
The user can select a product and all the details are displayed as per specification in the below panel	∑ Yes ☐ No	No issues. Implementation is done.
The user can add products to the shopping cart and all the information are displayed in a separate frame	∑ Yes ☐ No	No issues. Implementation is done.
The final price is displayed correctly	⊠ Yes □ No	No issues. Implementation is done.

The discounts, if applicable, are displayed	Xes No	No issues. Implementation is done.
as per specification and the final price		
updated accordingly		

### Phase 4 – Testing and system validation

Task	Did you attempt the task?	Student's comments (To which extent you implemented the task? Have you encountered any problems or issue?)
Test plan. (Submitted in a separate file).	Yes No	No issues. The test plan is done.
Implementation of an automated unit test for each scenario in the console menu.	Yes No	Not Completed
Error Handling across all the code, input validation and code quality.	Yes No	No issues. Implementation is done.
